Ranjit S. Dhindsa focuses his practice primarily in the areas of toxic tort and pharmaceutical products liability defense, where he represents clients in both state and federal courts in multi-billion dollar products liability cases, including pharmaceutical class actions and multidistrict litigation. His successes include extinguishing the claims of thousands of class action opt-outs in nationwide pharmaceutical products liability litigation. Mr. Dhindsa also helped defeat a proposed \$18 billion dental monitoring class action and has helped secure summary judgment and dismissals in a number of recent products liability actions.

Mr. Dhindsa has directed the scientific defense strategy relating to complex medical and scientific issues in nationwide litigation. He has worked with some of the world's leading experts in Food and Drug Administration regulations, bone biology, osteoporosis, oncology, pharmacology, epidemiology, toxicology, cardiology, pulmonology, chemistry, preclinical and clinical trials, oral medicine, pathology, surgery, and economics. He manages all aspects of expert witness development and strategy relating to *Daubert* hearings and trials. He has appeared at multiple hearings, taken and defended expert and fact witness depositions, drafted *Daubert* and other litigation-shaping motions, and worked in every facet of trial preparation.

Mr. Dhindsa frequently attends scientific meetings and stays abreast of emerging science issues to optimize the interests of the Firm's clients in both pending and prospective litigation. He lectures throughout the world on the impact of tort litigation on industry and society, with a particular focus on the intersection of law and science. Among other venues, he has appeared at the Fifth International Workshop for Advances in the Molecular Pharmacology and Therapeutics of Bone Disease at Oxford University; the 19th Annual International Clinical Densitometry Workshop; the 26th annual meeting of the Metabolic Bone Disease Society of Colorado; the International Osteoporosis Foundation meeting in Geneva, Switzerland; and the American Conference Institute's Summit on Brain Injury Claims & Litigation.

Mr. Dhindsa is a member of the International Association of Defense Counsel. In 2017, he was elected to the University of Maryland Francis King Carey School of Law Board of Visitors. He also serves on the Board of Directors of Leadership Maryland, an organization committed to cultivating the interest, state-wide knowledge, and leadership capacities of Maryland's business, government, non-profit, and civic leaders. He previously served as the President of Maryland Leadership Workshops, Inc. (MLW), a state aided educational institution in partnership with Leadership Maryland. Since 1985, he has been involved in transforming youth and adults into catalysts for positive change throughout
